No. AESA Awards 2023/01

Date: 01.01.2023

**Subject: AESA AWARDS, 2023.**

Dear Member,

Greetings and Best wishes for the Year 2023!

**ARCHITECTS, ENGINEERS & SURVEYORS' ASSOCIATION, Pune,**  
proudly announces the Competition of **AESA AWARDS 2023.**

AESA started these Awards to promote the concept of "TEAM WORK" in Building & Construction industry. These unique awards are given annually to all the contributors in the building industry. **Teamwork**, which has already become an important way of **PRACTICE** in the Construction Industry of today, and is rapidly gaining momentum. **AESA Awards** are instituted to recognize and give wide publicity to this phenomenon and increase awareness amongst people.

Contributions from all the agencies involved, including the Owner, Architect, Structural Consultant & Contractor/ Constructor are assessed by a panel of eminent jury. As per the practice in the past, the assessment of the jury would be complete only after the site visits to the participating projects. But for the **AESA AWARDS, 2023**, depending upon the pandemic situation, **site visits may or may not be conducted** and the assessment of the jury may be only on the basis of online submission. We have invited a coveted jury that has subject matter expertise in the given project typologies.

Our focus this year is to "Celebrate Excellence through projects that Aspire to create Excellence with Sustainable and Aesthetic legacy!"

1199 / B, Yadav Business Centre, 2nd Floor, F. C. Road, Shivajinagar, Pune 411 004.

Almost any team can produce a mere shelter, but to produce good buildings, sensitive to human needs and values, sensitive to the environment, requires an honest team effort with strong ethical base and commitment for the same.

The idea of Ethical construction by a 'Professional Team' has four underlying ideas:

1. The Team comprises of skilled Professional agencies.
2. The owner is member of the team supporting all the activities by participation.
3. The team is an ever-expanding unit of Professionals, not limited to the Design professionals only.
4. The team understands and promotes ethical standards as well as good Architectural and Engineering best practices of the construction industry.

We solicit entries of your work in the categories for **AESA AWARDS, 2023** competition up to **22nd Feb 2023**.

Please find enclosed the rules, regulations and the deadlines for submission. The **AESA Awards Ceremony** is scheduled in the month of **March 2023**. Venue and other details shall be conveyed soon. Looking forward to a healthy and an enthusiastic participation from all.
