About the Conference

Sinhgad Technical Education Society's Smt. Kashibai Navale College of Architecture (SKNCOA) Pune, India brings International Conference in alignment with the issues related nurturing natural and technological resources sustainability. Society for Architecture and Allied Disciplines (SAAD) subsidiary of SKNCOA encourages inter disciplinary research related humanities, technology, art and architecture.

What we choose today will shape the life of Tomorrow.

At present world is facing unprecedented challenges in the urban and rural areas. Its adverse effects can be seen in natural disasters, climate change and pandemics. It has affected public health, food securities causing economic and social disruption. These issues have placed millions of livelihood at great risk. During these challenging times to address these consequences and calamities we need to align research works with Sustainable Development Goals (SDGs) in delivering meaningful progress for the humanity.

This conference will address the above issues by providing a common platform for researchers, academicians, professionals and students by promoting an integrative research approach. Let us contribute to the brighter future through our research works!

The abstracts of the papers will be published as conference proceedings with ISBN, selected papers will be collated into an indexed publication of international repute.

PAPER THEME:

- Environment – Sustainable Development Goals and associated Environmental issues to address above challenges.
- Humanities – Social, Cultural, Economic etc issues related to SDGs & environment to address above challenges.
- Planning & Design – All Interdisciplinary streams related to Urban Planning, Urban Design, Landscape as the proactive tool to address the above challenges.
